

18 Cat And Kitten Clicker Training Tricks: The Ultimate Guide to Training Your Feline Friend

Cats are known for their independence and aloofness, but that doesn't mean they can't be trained. In fact, cats are highly intelligent creatures and can learn a variety of tricks and behaviors through positive reinforcement training.

Clicker training is a type of positive reinforcement training that uses a clicker to mark the exact moment your cat performs a desired behavior. The clicker is a small, hand-held device that makes a clicking sound when pressed. When your cat hears the click, they know that they have done something right and will be rewarded.

Clicker training is a great way to train cats because it is:
