

Interest Aggregation Revisited: Routledge Research In Comparative Politics

Interest aggregation is a fundamental process in democratic politics. It is the process by which individual interests are combined into collective demands that can be presented to government. This book explores the latest research on interest aggregation in comparative politics, bringing together leading scholars to provide a comprehensive overview of the field.

How Political Parties Respond: Interest Aggregation Revisited (Routledge Research in Comparative Politics Book 9) by Max Krochmal

★★★★☆ 4.6 out of 5
