In *Our Color Is Human*, Tom Burger tells the story of his journey from a white supremacist to a passionate advocate for racial justice. It is a powerful and moving memoir that will challenge your assumptions about race and inspire you to work for a more just world.

Burger was raised in a white supremacist household, and he spent his early years believing that black people were inferior to white people. He joined a white supremacist group in his teens, and he spent several years actively promoting racism and violence.

However, Burger eventually had a change of heart. He began to question his racist beliefs, and he eventually came to realize that they were wrong. He left the white supremacist group, and he began to work to promote racial justice.

Burger's story is a powerful reminder that people can change. It is a story of hope and redemption, and it shows that it is possible to overcome even the most deeply ingrained prejudices.
