Shetty's story is one of hope, determination, and compassion. He was born into a poor family in the village of Karkala, India. His father was a farmer, and his mother was a homemaker. Shetty was the youngest of five children, and he often had to help out with the family farm. Despite his humble beginnings, Shetty always dreamed of becoming a doctor.

After graduating from medical school, Shetty moved to the United States to pursue his residency in cardiac surgery. He trained at some of the most prestigious hospitals in the country, including the Mayo Clinic and the

Cleveland Clinic. After completing his residency, Shetty returned to India and founded the Narayana Health City, a state-of-the-art cardiac hospital that provides affordable care to patients from all over the world.

Ten Thousand Heart Operations is a gripping account of Shetty's life and work. The book is full of fascinating stories about his patients, his colleagues, and his family. Shetty also shares his insights on the future of heart surgery and the importance of compassion in medicine.

Ten Thousand Heart Operations is a must-read for anyone interested in the field of medicine or the human spirit. Shetty's story is an inspiration to us all, and it shows us that anything is possible if we have the courage to dream big and work hard.
