Chapter 3: Step-by-Step Repair Instructions

In this chapter, we'll provide detailed step-by-step instructions for repairing the most common leather bag problems.

Repairing a Torn Seam

1. Turn the bag inside out.
2. Identify the torn seam and trim away any loose threads.
3. Apply leather glue to the torn edges.
4. Align the edges and press them together firmly.
5. Use a leather needle and thread to stitch the seam.
6. Turn the bag right side out and apply leather conditioner to the repaired seam.

Repairing a Broken Strap

1. Cut a new strap from a piece of leather that matches the thickness and color of the original strap.
2. Punch holes in the new strap and the bag where the strap will be attached.
3. Thread the strap through the holes and secure it with leather glue or rivets.
4. Apply leather conditioner to the new strap.

Repairing a Scuffed Surface

1. Clean the scuffed surface with a damp cloth.
2. Apply a small amount of leather conditioner to the scuff.

3. Rub the conditioner into the scuff with a soft cloth.
4. Allow the conditioner to dry completely.
