The Girl by the Grand Canal is a riveting mystery novel set in the heart of Venice. The story follows the lives of two women, centuries apart, who are both drawn into a dangerous game of secrets and lies.

In 1575, Livia is a young woman who dreams of becoming a painter. But her dreams are shattered when she is forced into an arranged marriage with a wealthy merchant. On her wedding night, Livia discovers a secret that will change her life forever: her husband is a murderer.

In 2019, Cate is an American journalist who is sent to Venice to investigate the murder of a young woman. As Cate digs deeper into the case, she discovers that the murder is linked to a centuries-old secret that has haunted the city for generations.

As Livia and Cate's stories intertwine, they both come face-to-face with the dark side of Venice. They must race against time to uncover the truth before it's too late.
